

### Stand Dimensions & Construction

### Shell Scheme

Above are the dimensions of a standard 3m x 3m shell scheme stand. For situations of branding, please ensure that if you are branding within the panels and that you use 2320mm x 960mm as the beams and uprights take up space.

### Space Only

Space only exhibitors will be provided with an outline of where the borders of their stands are. It is up to the individual exhibitors to organise their stands to be built.

ECO Ltd, the joint organisers of the exhibition, will be able to provide a quote and organise the building of custom built stands to the design and specification of the exhibitors.

### Poster Dimensions

**Ideal Poster Size: 0-90 cm width X 1.5m height**  
( so as to fit comfortably inside the panel )

The height can be increased upto 2.4m if the contents are more but visibility will be less.
